COMMUNITY PROJECT FUNDING REQUEST FORM
FISCAL YEAR 2026 APPROPRIATIONS

Thank you for your interest in submitting community project funding (CPF) requests through my Congressional office. For all requests to be evaluated, please complete the form below and send to sean.kearns@mail.house.gov.

The deadline to submit a Fiscal Year 2026 CPF request to my office is Thursday, April 10, 2025 at 5:00 PM PT.

We will evaluate each request and determine whether to submit the request to the House Appropriations subcommittees.

CPF Office Policy on Lobbyists & Consultants

All communication with the office (including meeting requests) for CPF requests **must** come directly from the entity who would receive the funds being requested and who would directly benefit from the project.

We do not allow outside consultants or lobbyists to take part in our process – i.e. no outreach, meeting requests, submission of documents or projects, or any direct engagement to our office for CPF requests, or the projects won't be considered. Lobbyists and consultants can work directly with the entity to prep any required docs, consult, provide materials, etc.
